Budget Review

- TRHSZ managing below budget for first quarter of 2024.

- The 2024 budget recalculation first meeting scheduled for next week. Jodie & Dennis are scheduled to meet with Jason Coffey on Tuesday.
 - Will be paying close attention to payroll as we are needing to request some additional FTE's.
 - Will need to request another vehicle if it will fit in this year's budget. The county is going to be selling off their older fleet due to high mileage and not replacing them. Social Services uses the county cars 80% of the time and will need to look for another vehicle along with the van we just ordered. The plan is to purchase another SUV for winter driving.
- The budget process for 2025 will begin in May.

2023 Director Performance Evaluation Review

- Jackie went over Dennis Meier's 2023 evaluation with the board and shared the perspective of the state as she understands it.
- It was felt that in the future it would be better to complete the evaluations collaboratively in a single meeting rather than having the board members submit the information to Wendy separately.

Vince - Three Rivers Human Service Zone Tribal Liaison Report for March 2024

- There are approximately 100-120 SRST foster children placed in ND foster homes that he helps to facilitate visits.
- Standing Rock currently has 30 ND IV-E cases and 36 SD IV-E in ND Foster Homes. There are 300+ Tribal Cases and 638 Foster Care Placements.
- Vince attended ND IV-E and Tribal IV-E eligibility meetings.
- Vince spends a lot of time dealing with Medicaid payment issues for both ND and SD Foster children.
- Vince has been attempting to engage tribes in claiming expenses for the FMAP monies. He has heard from 2 of the Tribes showing interest but they have given no follow-up. He has even offered to compile the reports if they supply the data.
- The Casey Program is setting up another virtual IV-E reimbursement training course on April 30th. This is an uncapped reimbursement that Tribes can receive. The last one that was done was in 2019 which he did for Standing Rock. One of the requirements is a minute-by-minute time study for one month a quarter. They can go back as far as 7 quarters. Completing these has been an issue as the staff turnover in the fiscal office is high. The downside is it is only a 20% payback for all the work that is necessary.
- Vince continues to track the Indirect Expenses for Fort Yates for Jodie's report to the state.
- Vince did 14 face-to-face foster child visits for SRST in the month of March. Statewide, Human Service Zones do between 50 and 70 foster care visits for SRST depending on the month.
- The Tribe has moved 7 kids back to the reservation. There is a sibling group of 3 that will be moved back after this school year is out. All of these have been Long Term placements. The one sibling group had been in placement for 7 years. Most of these foster parents had thought adoption was in the process for these placements. This is a fear among foster parents that this will be happening with their SRST placements that they were working towards adoption of these children. With these children having been in the foster care system for extended periods of time, the foster parents have gotten attached and fear for their safety upon return to the reservation.

End of Report

There are approx. 75-100 SRST foster children from ND and SD placed in ND foster homes that I help facilitate visits . This number is probably larger, the Tribe has approx. 300+ in care, but they won't really tell you where the children are placed. 36 of these placements are SD IV E Paid Foster Care placements and 41 ND Tribal IV E Paid FC placements and approx. 200+ tribal 638 foster care paid placements and relative care placements.

I attend ND IV E and Standing Rock Tribal IV E eligibility meeting. I spend a lot of time with Medicaid issues with the foster kids Medicaid, bills not being paid, getting SD foster kids on ND Medicaid, and talking with business offices of medical facilities clearing up nonpayment issues with current foster children and children previously in care.

ND released the new FMAP amounts that Tribes can claim for expenses during the SFY 23-24. The total amount available to tribes is \$1,291,960 that needs to be claimed prior to June 30, 2024. I emailed all the tribes, offering my assistance. I offered to complete the FMAP reimbursement request if they send me the raw data and I would compile the report, send it to the tribe to sign and submit. I assisted Standing Rock with 2 quarters of expenses, \$156,000 and they have another \$83,000 they can claim by June 30, 2024. I don't have any requests from the other tribes.

The Casey Program set up a virtual IV E training on April 30th, on IV E reimbursement billing. Don Schmid, who is from ND and did the IV E training. Don is a nationally known expert on IV E and works with 23 states, with their IV E program. The training was attended by the tribes.

The IV E program also pays for foster care placements for children. From Jan 1, 2024 through April 30, 2024, the Feds and state paid \$1,125,108.00 for ND Tribal foster children in foster

care placements.

I have done the payment of indirect expenses for Sioux County since we went to a zone in 2020. I exam the bills, prepare the vouchers, submit them to the Sioux County Auditor to prepare the checks and pay the bills, about \$3500.00ish a month. These numbers are submitted to Jodie Leier for the 119 indirect cost report that is submitted to the state.

I did 14 Foster Care visits for SRST in the month of April. Human Service zones do between 50-70 foster care visits for Standing Rock Foster Kids, depending on the month. .
