Mandan Boys Hockey Boosters Present \$1,420 Donation to Morton County Veterans Services

Mandan, ND — On Friday, January 31, 2025, the Mandan Boys Hockey Boosters proudly presented a \$1,420 donation to Morton County Veterans Services at Starion Sports Complex in Mandan. The donation, raised through a jersey raffle during the team's annual Military Game and matched by the Boosters, will help establish a pantry stocked with food and hygiene items for local veterans in need.

"We are grateful for the generous support of our sponsors and community, which allows us to give back to those who have served," said Cindy Drengson of the Mandan Boys Hockey Boosters. "Supporting our local veterans is just one way we can show our appreciation."

The donation was received by Mitchell Erhardt, Morton/Oliver County Veterans Service Officer, who expressed appreciation for the team's commitment to the community. "Every month, veterans visit our office needing food, clothing, and personal hygiene items. Thanks to this donation, we can now establish a pantry to help meet these needs," Erhardt said. "On behalf of our veterans, I thank the Boosters for their support."

The Military Game tradition was started last year when a local sponsor's contribution allowed the team to purchase special jerseys honoring veterans. The Boosters' ongoing commitment to service also includes their annual Pucks 4 People game, which raises funds for local families in need.

"We appreciate all the citizens and businesses in Mandan and surrounding areas who support our team," Drengson added. "Because of that support, we're able to give back in moments like this."

The Mandan Boys Hockey Boosters and Morton County Veterans Services thank the community for making initiatives like this possible and look forward to continuing their partnership in service.
